Sage ERP X3 Shipping by SmartLinc

Reduce Shipping Costs. Improve Cash Flow. Increase Customer Satisfaction.

Sage ERP X3 Shipping by Smartlinc is an integrated on-premise solution that helps companies reduce their shipping costs, improve cash flow, minimize shipping errors, reduce time spent on shipping activities, and automate and streamline shipping procedures resulting in increased productivity and overall customer satisfaction. It complements the Sage ERP X3 current freight add-on features to deliver a complete and scalable shipping solution.

Sage ERP X3 Shipping by Smartlinc is an intelligent solution that utilizes a "best method" approach for selecting the lowest cost carrier based on select variables such as destination, shipment arrival time, and shipping charges. It works with today's NA common carriers (UPS, FedEx, USPS, DHL) as well as LTL, company vehicles, and local and regional couriers.

An Automated Solution

- Fully scalable and can be deployed in one or multiple locations
- Integrates seamlessly with Sage ERP X3 in compliance with order entry's instructions thereby reducing of manual entries
- Automatically notifies shipment recipient by email of shipment status, including tracking numbers
- Processes unlimited packages per day quickly and accurately
- · Automatically validates the ship to address and allows for modifications

Benefits

- Reduce shipping costs through rate shopping and charge assurance
- Improve cash flow with same-day invoicing
- Reduce shipping errors by leveraging ERP data and reducing shipper decisions
- Reduce shipping time by automating processes and streamlining shipping steps
- Increase customer satisfaction by keeping customer informed and ensuring product delivery with address verification
- Increase productivity by reducing manual tasks and eliminating multiple entries
